

7th Grade Math (General Math)

Ms. Quandt
Stilwell Junior High

Materials Needed

- 1-inch 3-ring binder w/ 5 dividers
- Loose leaf Paper (lots)
- Pencils
- Pens (Any color but black)

You are expected to bring your planner, free reading book and the above materials to class each day. Textbooks will be used periodically. A sign on the classroom door will indicate when the textbooks are needed. **Once class has started, no locker permits will be given.**

Grading

A grade will be given each quarter (9-week period) based on tests, quizzes, daily assignments, participation and minute math. A semester grade is also given which is an average of two quarters.

Based on your point totals, the following grading scale will apply:

- 100 - 90 % = A
- 89 - 80 % = B
- 79 - 70% = C
- 69 - 60% = D
- 59 - 0% = F

General Class Expectations

1. Treat others as you want to be treated!
2. Have a good attitude.☺
3. Do the right thing!!!
4. Use of restrooms and going to the water fountain **should** be done between classes.
5. No cheating. It will result in a 0% grade.

Assignments

You are expected to complete **ALL** assignments in pencil and on loose leaf paper or worksheets! Assignments are evaluated on a scale of 0 to 2 points as follows:

- * 1 point = on time/completed to the best of your ability.
- * 1 point = 70% or better on the score

Homework provides practice and reinforcement for the skills being taught. To learn a new skill takes practice and cannot be mastered with one try.

Tests

Tests will be given at the end of each unit. **You must have all unit assignments completed in order to take the test.** If you do not have all assignments completed, your test is late and you will not be allowed to take the test in class that day. When all of the assignments have been completed, you may take the late test but must do so outside of class time. Also, you forfeit your right to attempt the extra credit and retake the test. Time allowance for late tests is **5 school days**.

You are allowed to retake tests but must do so within one week. The recorded score will be the highest score between the two tests.

(You can **only improve** your grade by retaking tests.)

Formula For Success:

Positive Attitude + Good Study Habits + Attendance/Participation = **Math Success!**

7th Grade Online Moodle and Textbook

- A.) Once logged on, go to the website: www.wdmcs.org
- B.) Click on the tab 
- C.) Click on the logo 
- D.) Click 
- E.) Find and click on the words 
- F.) Click on your appropriate math class

How Can I Be Successful in 7th Grade Math?

Online Textbook Access

- A hyperlink and password are given to access the textbook online

Hotmath Homework Textbook Help

- Type in page number and select a problem
- Gives *hints* and shows *how* to solve the problem

Math Tools

- On line manipulatives to complement classroom instruction

Multilingual Glossary

- Definitions of math vocabulary used in curriculum

Chapter Outline

- Includes all lessons taught and in order as taught by the teacher

Chapter Resources

- Test Criteria: A list of topics that students will learn and master within the unit
- Notes: Every set of notes taken in class is posted online for reference
- Worksheets: Every assignment that is not from the textbook is posted online

Website

- All-inclusive resources specific to each chapter

Extra Examples

- Additional problems for students to use as a resource

Personal Tutor

- On-line teacher video explaining math concepts & algorithms

Concepts in Motion

- Educational entertainment showcasing the featured math concept

Self-Check Quizzes

- Multiple choice problems for each lesson within in chapter (FAVORITE!)
